SPRING 2026

PJR SERVICES BULLETIN

PJR POWERING UP FOR A GREENER FUTURE

As part of our commitment to becoming a more environmentally responsible company, we've recently invested in more battery-powered garden equipment.

By moving some of our equipment away from petrol powered tools, we're reducing emissions, cutting noise levels, and helping create a cleaner environment for our team, clients, and the communities we work in.

This is just one step in our ongoing plan to operate in a more sustainable way while still delivering the high-quality garden and grounds maintenance our customers expect.
Small changes. Big impact.

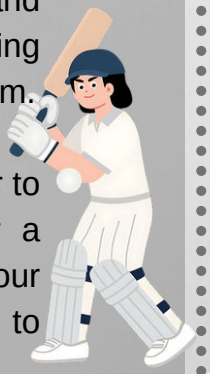

Exciting times ahead as we plan for what's next and adding new machinery.

BOWLED OVER TO SUPPORT RCC

The 2026 cricket season is now underway and PJR are pleased to confirm their continuing sponsorship of the Rayleigh Cricket Club 1st Team.

RCC has been bringing the community together to enjoy competitive and social cricket for over a century. Their support of the local area reflects our own values and so it's a pleasure to be able to continue with our alliance

SPRING ROUND-UP

Earnest Doe Show: We had a great time attending the Ernest Doe Show in early February. It was a valuable opportunity to see the latest machinery, catch up with industry contacts, and explore new, greener options as we prepare for the upcoming summer season.
A big thank you to Ernest Doe Rochford for supplying our new equipment, especially a Stander ride-on mower which is a real game changer, helping us work more efficiently while achieving an even better finish on every job.

BOREDOM BEATER

Can you solve the brain teaser? (Answer, below)

Johnny's mother had three children. The first child, "April." The second child, "May." What was the third child's name?
